PROMINENT RESIDENT SEVERELY INJURED

**WILLIAM M. NEWHALL IS SE-
COND VICTIM OF RAILROAD
WITHIN TWO WEEKS.**

Old Gentleman Struck By Freight
Car and Suffers Loss of His
Right Leg—May Recover.

Another accident occurred Satur-
day last at the railroad crossing on
Jefferson street, when William M.
Newhall, an aged man, was struck
by a freight car and suffered in-
juries which necessitated the ampu-
tation of his right leg.
The south bound train had passed
and Mr. Newhall started across
the track, passing close to the
rear car of a freight train which
was on the track south of the
crossing. Just as he got on the
track, the engineer, having received
a signal from the switchman, start-
ed backing, and the old gentleman
was thrown down. In his struggle
to save himself, his leg caught un-
der the wheels and was crushed be-
fore the train could be stopped. He
was taken from under the car and
Dr. J. L. Ross summoned, who had
the man conveyed to the Huling
sanitarium, where after an examina-
tion, the leg was amputated above
the knee. On account of Mr. New-
hall's age, 70 years, there was
fear that the injuries would prove
fatal, but after the operation had
been performed he rallied and has
since been in a very encouraging
condition.

There were several witnesses to
the accident and some of these
state that a warning was shouted
to the unfortunate man when he
was on the track, but he either did
not hear, or because so rattled that
he was unable to take advantage
of it.

This is the second accident with-
in ten days at this crossing, the
other being when Ben Castro was
struck and killed by a freight car.

Mr. Newhall is a pioneer and a
brother of the late H. M. Newhall,
a former auctioneer of San Francis-
co. He is also an uncle of Geo.
A. Newhall of Burlingame. For
many years he lived at Belmont,
and is well known throughout the
county.

SANTA CLAUS PAYS VISIT TO LOCAL INSTITUTIONS

Morvin Grove, U. A. O. D. gave
an entertainment Tuesday night in
Foresters' hall, at which the mem-
bers and their families enjoyed
themselves immensely. There was
a very large gathering and cards
and dancing were indulged in. Hon.
Geo. H. Buck delivered an address
which was heartily applauded. A
Christmas tree covered with pre-
sents was a prominent feature and
Santa Claus was there to see that
everyone received a remembrance
of the Yuletide season. The hall
was tastefully decorated with ev-
ergreens, Christmas berries and
mistletoe, and the participants in
the party dispersed greatly pleas-
ed with the entertainment.

A Christmas tree festival was
held Tuesday evening in the Cong-
regational church, at which many chil-
dren were made happy by the pre-
sents bestowed upon them by Santa
Claus, who upon this occasion was
accompanied by Mrs. Santa Claus,
but the latter was suffering from a
cold acquired during her trip from
the frozen north. Singing and
exercises were interspersed through-
out the program of the evening. The
singing of three-year-old Ruth
Stevens was greatly appreciated.
"Christmas Castle," a cantata was
sung by members of the Sunday
school. Miss Thelma Knox took
the part of queen in the play and
received the homage and presents
of her subjects.

The children of Notre Dame Con-
vent entertained their parents and
friends by a pretty program of ex-
ercises Tuesday afternoon. "The
Day-Spring From on High," A
Christmas dialogue in three parts,
was presented and very much en-
joyed by the audience. There were
songs and recitations in which all
of the pupils distinguished them-
selves, showing the excellent train-
ing that had been given them. In
conclusion Santa Claus arrived and
distributed candy among the chil-
dren. Among the audience were a
number of clergymen from St.
Patrick's seminary.

On Monday evening the Methodist
church in this city, was the scene
of Christmas exercises and fes-
tivities. Santa Claus distributed
presents to the members of the
Sunday school and a very handsome
present to the pastor, Rev. Mr.
Young. Singing and recitations
assisted in entertaining the au-
dience, and Christmas wishes accom-
panied them as they dispersed to
their homes.

Santa Claus made an early vis-
it to this city Thursday and tarried
long enough to spend a pleasant ev-
ening.

ening with the Native Sons and
Daughters. The event took place at
the Foresters' hall at 8 o'clock. A
beautiful Christmas tree, brilliantly
lighted, occupied the center of the
room on which were hung many
presents noted more for their
appropriateness than value, and
when the lot was distributed a
great deal of merriment was caused
among the assemblage. In addi-
tion to the presents for the older
ones, boxes of candy were given to
the children and all were quite hap-
py. John E. Layng acted the part of
Santa Claus and proved an excel-
lent imitation of the genuine arti-
cle.

ROD-WIELDERS MUST
OBTAIN LICENSES
Beginning January 1, 1914, the
anglers of California will be called
upon to pay a license fee of \$1 a
year to aid in bearing the expense
of the State Fish and Game Com-
mission.

While hunters for years have been
forced to pay an annual license this
is the first time that the fisherman
has been asked to bear a part of
the burden. The youth under 18
years of age is the only person
exempted under the provisions of
the law. United States citizens
residents of California fall under
the \$1 classification; citizens who
are not residents of California fall
in the \$3 class and all aliens must
also pay \$3.

What is commonly known as the
fishing season will not open until
April 1, when trout may be caught,
but many kinds of fish may be tak-
en in this district at this time of
year. Among them are salmon, cat-
fish, perch, crawfish and abalones.
County Clerk Nash will be ready
to issue the new licenses the first
of the year.

TEACHERS TAKE ADVANTAGE
OF STATE PENSION LAW.
Under the terms of the teachers'
pension law, every teacher employ-
ed in the public schools of this
State on June 16, 1913, who fails to
sign and deliver to the proper of-
ficials before January 1, 1914, ac-
ceptance of the provisions of the act
will be forever barred from the
benefit of the pension, and will be
permanently so recorded on the
books of the State retirement board.
According to reports from Edward
Hyatt, Superintendent of Public In-
struction, the response from teach-
ers throughout the State is practi-
cally unanimous. This means that
each teacher will contribute \$1 a
month to the fund, thereby insur-
ing between \$10,000 and \$12,000
per month to aid in carrying out

CITY OFFICIAL PAPER

A MAMMOTH UNDERTAKING.

What undoubtedly constitutes the greatest industrial undertaking of the year in this state was the completion of the immense Spaulding-Drum power project of the Pacific Gas and Electric Company on November 26th, when the big plant near the summit of the high sierra region became a part of the power service of that company. With the turning on of the water into the Drum power house in the Bear river gorge an aggregate of 33,000 horsepower was added to the service of this company. Work on this immense concrete dam was commenced in the summer of 1912 and was pushed without cessation, the cost of the structure approximating \$5,000,000. The Drum power house is said to be undoubtedly one of the finest in the west, being a structure of steel and concrete. To its already large plant two more generators are soon to be added.

With its various systems now in operation this company is in a position to insure continuous service of electrical energy at each of the distributing stations in its territory, which includes thirty counties in Northern and Central California. With the completion of further development work now under plan the company expects to be able to place 150,000 horse power at the disposal of its patrons.

Mrs. Colen Will Get Reward

Mrs. Minnie Colen, sister of Geo. McNulty of this city, will receive the greater portion of the reward offered by the Southern Pacific Co. for the arrest of the train robber, Bostick, who confessed to the robbery of the passengers of the Los Angeles train and also to the hold up of the train at Richmond. Mrs. Colen and her husband were returning from a trip to New Orleans and were on the train when it was held up by Bostick, this side of Los Angeles. The robber took a ring and some small change from Mrs. Colen. She got a good look at the robber, who was not masked, and had a splendid description of him. Last Tuesday Mrs. Colen and her husband were walking leisurely along Mission street in San Francisco when Mrs. Colen saw Bostick walking up the street. She at once notified a policeman and Bostick was arrested. On his way to Los Angeles he made a confession. The amount of the reward is \$12,000 and Mrs. Colen will get the major portion of this amount. The lady was born and raised at Woodside and attended the grammar school there. Her many friends in this county are pleased to learn of her good fortune.

LOCAL NEWS NOTES.

Howe's orchestra will furnish the music for the New Year's Eve dance at Mayfield. It will be an all night dance.

Attention is called to the new advertisement of the First National Bank, on the second page of this issue. It contains some timely advice to the public.

Miss Frances Murray, who is connected with the Abstract of Title Company, left yesterday for Los Angeles to spend a month with relatives.

Judge J. W. Springer, who was to have practiced his profession here has bought a ranch at Mountain View and will practice law at that place. He will combine law with farming and hopes to make a success of the combination.

An amoretic eye will cause ocular fatigue and headache. There is a geometrical increase of eye-strain with close application and minuteness of work. If the defective eye is corrected with lenses fitted by Eph. Weiss the inevitable result is relief from eye-strain and an increased efficiency. He will be in Redwood City December 30th at the Sequoia Hotel.

Hubert Kirkpatrick is expected home today from Alaska where he has been employed as an electrical engineer for the Guggenheims. He will remain here for the next three months with his mother, Mrs. Lila Kirkpatrick. He leaves next April for the north to resume his work for the company at a town about fifty miles from Nome.

Henry S. Smith, secretary of the State Board of Horticultural Examiners, held an examination in this city last Saturday for the position of horticultural inspector for this county. Five persons took the examination and four passed muster. From this list the board of supervisors will select one for the appointment. Those who passed the examination are: Newton Peck, Francis G. Hutchinson, W. J. Hartung, and Henry Harmeling.

Shortly after the first of the year Dr. N. C. Bissell will depart for Rippon where he has a ranch of 160 acres of choice land which he will improve. He will practice his profession in Rippon, a rapidly growing and prosperous town. Mrs. Bissell is a prominent member of the Redwood City Woman's Club, having taken a deep interest in the organization ever since it was instituted. The doctor leaves a large practice in Redwood City, as well as many friends, who wish himself and family success.

Mr. Dorn spent his boyhood in Monterey County. He comes from a family of six brothers all of them were lawyers. Judge N. A. Dorn a brother was the superior judge of that county for a number of years. Dorn, now deceased, were the attorneys for Sheriff Laumister of San Francisco many years ago when the fee system was in vogue and they made a great deal of money which they invested in choice city realty. At high noon on Tuesday Miss Jean Bruce was united in marriage to Dr. Guy Menon of Fresno at Grace Pro Cathedral in San Francisco, only immediate relatives attending the impressive ceremony.

The marriage is the happy continuation of a romance that began in the Lane hospital several years ago when the beautiful bride entered the institution to become a professional nurse and when the doctor became an interne shortly after. For some time Miss Bruce had been an instructor at the hospital and was well liked there. She is the daughter of Mr. and Mrs. James Bruce of this place and is a graduate of the local grammar school; the high school at Redwood City, as well as a graduate nurse from the Lane Hospital. Miss Bruce is a woman of rare tact and ability and beloved by all for her many charms and fascinating personality. Dr. Menon is associated with his father in the practice of medicine at Fresno, they having one of the largest and best paying practices in that section of the State. The young couple will make their home in the fashionable part of the southern city.

The news of the untimely and pathetic death of Edward Driscoll in San Francisco last Saturday evening came as a shock to the people of Menlo Park. The wanton murder of the innocent boy by a young man who was only seventeen years old, he showed marked ability and wonderful knowledge of current events. Only a short time ago he discontinued his studies at Santa Clara University to take a position with the Pacific Mail Steamship Company of San Francisco and was doing well, being held in high regard by his employees.

The young man possessed a fine character, was pure and innocent and it seems that the hand of fate was exceptionally cruel in cutting short his young life, with so much promise and which would have been rich in good deeds. Only a short time ago he joined the League of the Cross Cadets in San Francisco, thus dedicating himself to a life of temperance. The uniform given him on becoming a member of that society served as a burial shroud. The funeral on Wednesday was largely attended by the many young friends of the deceased. The pall bearers were his school mates at Santa Clara College. The deceased was the eldest son of Mr. and Mrs. Daniel Driscoll of this place. Besides his parents he leaves a younger brother, Lawrence, to mourn his untimely death. The family is frantic with grief and in their deep sorrow they may be consoled with the fact that they have the sympathy of the entire community.

Saturday night young Driscoll was doing his Christmas shopping. He returned to his aunt's home at 9:30 o'clock and was taking a bath when Miss Driscoll called to him that there was a noise in one of the front rooms of the house. Without waiting to dress and switched on a light. He met a burglar with a drawn revolver. The burglar fired at young Driscoll and the bullet entered the left lung directly over the heart. Medical aid was summoned and Driscoll was taken to the Central Emergency Hospital, where he died within a half hour. The murderer escaped.

E. J. Allison has brought suit in the Superior Court for Geo. H. Irving, the real estate broker, against F. F. Chapman to recover the sum of \$1000, commission of the sale of 240 acres of land at Portola belonging to defendant. The complaint alleges that on March 26, 1913, Irving and Chapman entered into an agreement whereby the former was given an exclusive option for ten days to sell the Chapman ranch for the sum of \$22,000, Irving to receive five per cent of the purchase price for making the sale. Shortly thereafter Irving secured Adolph Uhl as a buyer and the latter made a deposit of \$500. Chapman approved of the sale in writing, but later would not accept the \$500 nor execute a deed according to the agreement to Uhl. Now Irving asks for his commission and also \$60, money advanced in making the sale, a total of \$1060 and costs of suit. No reason is given for Chapman's failure to keep the agreement.

Riparian Right Sustained.

Judge Buck rendered a decision in the case of J. M. Huddart against M. Fleischacker, giving judgment to plaintiff. The suit was commenced last year by Huddart to prevent defendant from using and diverting the water of Squeeler Gulch, a small stream in Portola. Following is the decision in full:

"Plaintiff is the first appropriator of this water which appropriation has ripened into a right and to the extent that he needs it the Court must preserve to him that right. The testimony shows that 32,000 gallons every 24 hours exhausts the water in Squeeler Gulch during the summer months and that amount plaintiff has been diverting and that amount he is entitled to. If in after years it shall be shown that plaintiff is entitled to a greater amount of water by reason of the development of his riparian land this division of water will be revised."

Judgment for plaintiff. Plaintiff's attorney will prepare and present findings.

EMPLOYERS RESPONSIBLE FOR INJURIES TO EMPLOYEES

The following letter is addressed to the employers of the State by the industrial accident board and covers a subject in which all are vitally interested:

Commencing January 1, 1914, employers will be held liable under the Workmen's Compensation, Insurance and Safety Act for any accidental injuries sustained by employees while at work. The State, through its Compensation Insurance Fund, prepared for under the Act, has prepared to insure employers against such loss at the lowest standard rates. These rates will average from 20 to 40 per cent lower than compensation rates that have hitherto prevailed in California.

Except in the case where workers themselves are guilty of intoxication or willful misconduct, the employer, under the law, will be held liable for any injury sustained by his employees by accident arising out of and in the course of the employment, and also for the death of any such employee if the injury shall proximately cause death. The only exceptions relate to those employees engaged in household domestic service or in the various forms of agriculture.

After paying losses, operating expenses, setting aside required reserves and a moderate percentage to build up a surplus to meet possible catastrophe losses, the balance, if any, will be in the nature of a profit, would be paid to the stockholders in dividends, but in the case of the State Insurance Fund, it is the intention of the Industrial Accident Commission to have the policy holders reap the benefit thereof.

This makes the State Insurance Fund practically a mutual company. It therefore, makes it to the interest of employers to give the State fund every preference and support. The "fund" has been organized with the same care exercised in organizing private undertakings. Insurance experts have been chosen purely on merit regardless of political faith. Employers will, therefore, have every right to expect that the "fund" will be conducted in accordance with the highest business principles, giving its policy holders the most perfect protection at the lowest cost.

The fact of an employer holding an unlimited policy in the State Compensation Fund, whatever may be its reserve, will, in the event of an accident to any of his workmen, no matter what may be the cost, at once relieve the employer of any expense in the way of medical aid or compensation. The entire burden will be assumed by the "fund" and the injured workman will receive the best medical services and every penny of compensation to which, under the law, they may be entitled. In the event of a catastrophe loss, wiping out the reserve of the State Fund, however large or small such reserve may be, the employer is in any event, relieved of any liability, and it is not conceivable that the great State of California would permit the injured coming under its policies to suffer the loss of compensation. This feeling should affect employers intending with the State as policy holders, as well as their workmen, a peace of mind in itself worthy of every consideration.

The new law goes into effect January 1, 1914. This means that many thousands of California employers will want immediate insurance protection; it also means a great rush of applications for insurance on the part of employers on or about that date. In order, therefore, to be fully protected when the law goes into effect, it is important that employers should make prompt application to the State Compensation Insurance Fund at its headquarters, 525 Market street, San Francisco.

In making such application the employer takes no risk in the matter of rates, since the State Board will issue policies at the lowest possible rates established by standard companies for the State of California.

BRONCHITIS CONQUERED

Royersford, Pa., Man Tells How.

At this season of year with such sudden changes, it is so easy to take cold, and almost before one is aware there is inflammation in the bronchial tubes—a hard cough and unless checked in time chronic pulmonary troubles may result.

Townsend Young of Royersford, Pa., says: "A severe bronchial trouble contracted caused me much difficulty about breathing. My chest felt clogged up and there was considerable soreness. I tried different remedies without help; but I am glad to say that Vinol cured my bronchial trouble which had lasted for three months. My breathing is all right and the soreness entirely gone from my chest."

Vinol contains the curative, healing principles of fresh cod's livers (with oil) and tonic iron. We guarantee it to be delicious in taste and to satisfy you with its medicinal effects.
